

HELPING LIKE A MOTHER

What is WishYoo, you might ask?

We're not an ephemeral party invitation. WishYoo is a **group e-card that gathers and preserves handwritten dedications**, images and voices from near and far.

A WishYoo card can be branded and personalized. People invited to sign can do it **from their own device** and all dedications are displayed together.

WishYoo also allows people to chip-in to buy a group gift in a very flexible way, making possible to receive **meaningful presents** that may contribute to the family's bottom line.

Let's get real. We all could use some HELP organizing Birthdays, Graduations, Baby Showers ...

...help from someone in the community who we:
